

Monday, January 4, 2021

Dear Residents and Family members,

Happy New Year! I am writing to you to share some exciting news to start your new year. Michael Garron Hospital has informed us that they will be coming tomorrow, January 5, 2021, to vaccinate the entire building!

The hospital will be administering the Moderna COVID-19 vaccine to over 95% of our residents.

I will send out an additional memo this afternoon once I receive the timing from the hospital. In the meantime, COVID-19 vaccine information sheets are available at reception.

Please note we will be moving our COVID testing (swabs) date to Wednesday, January 6, 2021.

Please see me or call me if you have any additional questions.

Regards,

Gord Perrault

Executive Director
